

Subject: Chat with Caleb Pritchard

From: Caleb Pritchard <cpritchard2001@gmail.com>

To: barriticus@gmail.com

Caleb: Merry Christ Mass, brah!

me: HAWTHORNE

me: Got a column going up on The Guardian's website, yo

Caleb: Wait.

me: about how all the Confederates should have died

Caleb: The Guardian?

me: I CALL IT GUNS OF THE SOUTH

Caleb: Like _the_ Guardian?

me: yes, the British paper

Caleb: Or, more correctly, _the_ _The Guardian_?

me: HA THAT'S LESS CORRECT

Caleb: You're a relativist.

Caleb: Howard, etc.

me: WE MUST CONSIDER THE OPINIONS OF THE CROWD

Caleb: So you've got a column going up in _The Guardian_, or an op-ed?

me: TELL ME WHAT YOU THINK OF ME

me: I dunno lol

Caleb: Are they putting you on salary?

me: no lol

me: I get paid for each one though

Caleb: Well.

me: I don't have a regular column with them

Caleb: Coup of the decade right there, brah.

me: NO FAKE

Caleb: Wicked no fake.

Caleb: You should tell them you know a wicked pissa' cool guy who works for a station in Portland, Maine.

Caleb: And that they should hire me to help them make thousands of more dollars.

Caleb: Because I'm wicked qualified.

me: I will, and they'll be like, THANK GOD WE'VE BEEN LOOKING FOR AN RTF GUY FOR YEARS BUT WE CANNOT FIND ANY OH DEAR

Caleb: Fucking newspapers.

Caleb: Living in the past, etc.

Caleb: Not like broadcast television.

Caleb: Wicked wave of the future.

me: broadcast television

Caleb: So I didn't find this out until a few weeks ago.

Caleb: But Sinclair, the group what owns my station and several dozen others across the country, is apparently just as conservo-nuts as my last employers.

me: no it's not

Caleb: Dig their Wikipedia page.

Caleb: http://en.wikipedia.org/wiki/Sinclair_Broadcast_Group#Kerry_film_controversy

me: |||||lol

me: Stolen Honor

me: Wounds Never Heal

me: okay, well

me: I'm sure they behave less retarded at the studio

Caleb: Yes.

Caleb: It's all concentrated at the top.

Caleb: But they're still nuts.

Caleb: The end.

Caleb: At least White Knight Broadcasting had the good sense not to expand outside of Ark-La-Tex.
